# ARB - ALU/CFK Workbay

VORSPRUNG DURCH INNOVATION

A professional workbay with modular construction specially designed for repair work on light weight body vehicles in mixed construction.

The ARB can be easily mounted in any workshop with a very little effort. Only a free area is needed. Further construction or flooring measures are not necessary. Using our special support frame set, the ARB is mounted anywhere regardless to the conditions of the site

Dimensions:

7 m x 4.5 m x 3.8 m

8 m x 6 m x 3.5 m

# Professional Extraction and filter systems for Automotive and Industry
