

# MPA - Air Sanitizer

The innovative Air Purifying Filter in modular design ...

The Air Purifier MPA was specially designed and made for the professional use. It is characterized by robustness and durability and operates perfectly in:

Classrooms, kindergartens, offices, lecture halls, restaurants, pubs, meeting rooms, waiting and reception halls and much more...

With our Air Purifier MPA you get a compact device with the following functions:

- Separation of dust particles
- Removal of viruses and bacteria by HEPA 14
- Very quiet operation with only 35-40 dB(A)
- Low power consumption thanks to the latest EC technology
- Safety test certified

The quietest filter on the market !
